ADVANCED MULTIDIMENSIONAL MULTITEMPORAL STRATEGY FOR GLOBAL AND
COSMICAL PROTECTING THE ENVIRONMENT OF CELESTIAL BODIES

Abstract

This R&D represents “Advanced Multidimensional Multitemporal Strategy” for “Global and Cosmical Protecting the Environment of Celestial Bodies” on the Brain New Principal 6D-6nD Space-Time (S-T) SDI Paradigms. There are some extremely important “Questions of all Strategical Questions” for Global, Trans-Planetary, Sun System & Galaxy Security. Conventional & NonConventional Global security is “Only Formal” (Science Fiction) but not “Nature Conformal” (Science Reality) and Riemannian geometry representative for all Sun & Galaxy Systems!...

The Contemporary Earth Civilization has not 6D-6nD Security & Protection Strategy, nevertheless that Poincare 6D Transference Stabilization Systems and 6D Kolmogorov’ Turbulence Theory and Applications haven’t alternative!... The 6nD Control & Tomography Systems haven’t alternative for R&D of Phase Station of all Earth, Moon, Sun & Galaxy Fluids and Dissipative Synergetic Systems!... Why “The Advanced Multidimensional Multitemporal Strategy” is absolutely need for “Global&Cosmical Protecting the Environment of Celestial Bodies” by Future Challenges?!...

The following extremely important “Four SDI (Strategic Defense Initiative) Paradigms” by “The Brain New Strategy” are Absolutely Need Know-How for Future Innovative Global and Cosmical Protecting the Environment of Celestial Bodies – Earth, Moon, Sun System, Galaxy Milky Way:

1. The Global Strategic Defense Initiative (G-SDI) on the Advanced Multidimensional Multitemporal Strategy for Cosmical Protecting of the Earth Environment.
2. The Tree-Lateral Earth-Moon-Sun Strategic Defense Initiative (EMS-SDI) on the Advanced Multidimensional Multitemporal Strategy for Cosmical Protecting of the Earth-Moon-Sun Environment.
3. The Sun System Strategic Defense Initiative (SS-SDI) on the Advanced Multidimensional Multitemporal Strategy for Cosmical Protecting of the all Sun System Environment.
4. The Galaxy Strategic Defense Initiative (G-SDI) on the Advanced Multidimensional Multitemporal Strategy for Cosmical Protecting of the all Sun System & Galaxy Environment.

The successful Strategic Choice of Space-Time Defense System for All Earth and Sun System is possible only on the Cosmical Protecting Environment of all Sun System Celestial Bodies and all Cosmo-Dynamic Synergetics. Space Systems Mega-Trends and Mega-Gradients for Advanced Future Sustainable Development of the Earth Civilizations and The Life in Universe.

GENERAL CONCLUSION: The Project Proposal of Advanced Multidimensional Multitemporal Strategy is absolutely need and without Alternative Space Security Strategy for “Protecting of The Sun System”! Especially – for protecting Earth environment Systems.

The Modus Vivendi is Advanced Multidimensional Multitemporal Remote Sensing of Hyper Waves & HyperSpectrums of Strategic Trilateral Streamline H-OH-H₂O Continuum in Sun Systems and in Our Galaxy. That’s the guaranty for sustainable development from “Global Brain Earth Planetary Civilization” to “Cosmical Brain Civilization” by “The Fourth Wave”.
