A DECADE OF SPACE SCIENCE OUTREACH; APPROACHES, IMPACTS AND CHALLENGES IN  
NEPAL

**Abstract**

Nepal Astronomical Society (NASO) has been conducting different space science outreach programs in Nepal since 2007. This paper will share the different approaches by NASO to create better outreach on space science in Nepal. It will also present the impacts of these approaches and challenges encountered during their implementations. This paper will also share the correlation between outreach activities of NASO on science and developing national interest to have country's first satellite as well as increasing trends of people pursuing their career in space sector.
