UPGRADE OF GAGARIN'S LAUNCH PAD IN BAIKONUR COSMODROME, A HISTORIC SITE
FROM WHERE THE WORLD'S FIRST HUMAN SPACEFLIGHT EMANATED, FOR COMMERCIAL
LAUNCHES OF SOYUZ-2 LV.

Abstract

GK Launch Services will present the upgrade of the Gagarin's Launch Pad in Baikonur Cosmodrome, which will serve for commercial launches of Soyuz-2 LV with the aim to increase our launch frequency. We will elaborate on infrastructure and facilities.
