CREATING A NEW BUSINESS OF SPACE FLIGHT ATTENDANT SERVICE & SFA ACADEMY

**Abstract**

ASTRAX IMAGINE, Inc. is Space Flight Attendant Academy, and it is also staffing SFA to spaceship, and support and serve passengers on board.

We train Space Flight Attendants who can respond to the wide range of needs of each Japanese passenger, and also assist passengers so they can have satisfying and exciting experience. We will send the highly trained SFA to the flights provided by ASTRAX IMAGINE, Inc.

We will provide one and only luxury flight experience with the fine Japanese "hospitality" to our clients.

In this paper, we will introduce our corporate mission and value , training methodsuch as camera work, zero-G flight, hospitality facilitation skill, business plan and travel planning (family support ancillary services before and after space flights) which we made up this year.
